

PRELIMINARY WORKSHOP SCHEDULE AT A GLANCE
18th Meeting of the Biofeedback Federation of Europe
Rome, Italy - March 24-28, 2015

23-mar 9 am – 5:30 pm	24-mar 9 am – 5:30 pm	25-mar 9 am – 5:30 pm	26-mar 9 am – 5:30 pm	27-mar 9 am – 5:30 pm	28-mar 9 am – 5:30 pm
L. & M. Thompson 5-day BCIA Neurofeedback Program (English with Italian sequential translation) (Inglese con traduzione sequenziale in Italiano) EEGEN01	L. & M. Thompson 5-day BCIA Neurofeedback Program (English with Italian sequential translation) (Inglese con traduzione sequenziale in Italiano) EEGEN01	L. & M. Thompson 5-day BCIA Neurofeedback Program (English with Italian sequential translation) (Inglese con traduzione sequenziale in Italiano) EEGEN01	S C I E N T I F I C D A Y	L. & M. Thompson 5-day BCIA Neurofeedback Program (English with Italian sequential translation) (Inglese con traduzione sequenziale in Italiano) EEGEN01	L. & M. Thompson 5-day BCIA Neurofeedback Program (English with Italian sequential translation) (Inglese con traduzione sequenziale in Italiano) EEGEN01
	Paul Swingle, Ph.D. 1-day Workshop Basics of the ClinicalQ Database and Braindriving EEGEN02	Paul Swingle, Ph.D. 1-day Workshop ClinicalQ and Braindriving: Neurotherapeutic Treatment for Depression EEGEN03			
	Ralf Nickel Brucker-Biofeedback-Method (BBFM): Biofeedback in Neurological Rehabilitation after Central Nervous System Damage EEGEN06/EMGEN6	Ralf Nickel Brucker-Biofeedback-Method (BBFM): Biofeedback in Neurological Rehabilitation after Central Nervous System Damage EEGEN06/EMGEN6		Annette Booman, PT The Advantage of EMG by Movement Corrections EMGEN01	Lothar Niepoth, Dipl. Psych. Biofeedback in the Treatment of Insomnia BFBEN03
	Ralph Warnke, Christel Kannegießer-Leitner Hemoencephalography: HEG based neurofeedback practically introduced as a smart and easy to use training method in ADD/ADHD, dyslexia and other learning disorders EEGEN04	Edna Tune, B.Sc., MA From Disabilities to (Learning) Differences Over to Abilities & Control and Leaning Gifts in Correlation With the Frontal Lobe EEGEN05		Antonio Martins-Mourao, Ph.D. Biomarkers for Obsessive Compulsive Disorders: implications for the design of effective neurotherapy protocols EEGEN09	Piotr Sobaniec Effective intervention with autistic patients and ADHD. Tips and tricks in a successful neurotherapy. EEGEN10
Pre-Conference Workshop 1-day BioGraph Infiniti Workshop with Frank DeGregorio PCWEN01	Lindsay Thornton, Ph.D. 2-day Workshop Applied Work with Athletes in Peak Performance and Sports SPOEN01	Lindsay Thornton, Ph.D. 2-day Workshop Applied Work with Athletes in Peak Performance and Sports SPOEN01		Dr. Penny Werthner, Marc Saab, MEng 2-day Workshop Practical Applications of Biofeedback and Neurofeedback in Sports SPOEN02	Dr. Penny Werthner, Marc Saab, MEng 2-day Workshop Practical Applications of Biofeedback and Neurofeedback in Sports SPOEN02
	Steven Baskin, Ph.D. 2-day Biobehavioral Considerations in the Diagnosis and Treatment of Primary Headache Disorders BFBEN01	Steven Baskin, Ph.D. 2-day Biobehavioral Considerations in the Diagnosis and Treatment of Primary Headache Disorders BFBEN01		Richard Gevirtz, Ph.D. 2-day workshop Heart Rate Variability Biofeedback: Principles and Applications HRVEN01	Richard Gevirtz, Ph.D. 2-day workshop Heart Rate Variability Biofeedback: Principles and Applications HRVEN01
	Erik Peper, Ph.D. Building hope: integrating biofeedback and somatic feedback with self-healing skills resolving chronic disorders from test anxiety to severe chronic pain. BFBEN02	Erik Peper, Ph.D. Building hope: integrating biofeedback and somatic feedback with self-healing skills resolving chronic disorders from test anxiety to severe chronic pain. BFBEN02		Linda Walker, MHR, LPC, BCIA-EEG Practical Tips for Getting the Most out of Biofeedback BFBEN04	Linda Walker, MHR, LPC, BCIA-EEG Getting the Most Out of Z-Score Neurofeedback: Tips and Methods for Effective Integration in Practice EEGEN08

Schedule is subject to change.
